

ABOUT HONORS DISTINCTIONS

Interdisciplinary Honors Huskies engage in an expansive interdisciplinary curriculum focused on exploring connections between and across disciplines; experiential learning that takes education outside the classroom; and structured critical reflection, earning the distinction "*With Interdisciplinary Honors.*"

Departmental Honors students enrich their experience within a major through advanced coursework and faculty-mentored research, earning the distinction "*With Honors in [Name of Major].*"

Students who complete both pathways receive the distinction: "*With College Honors in [Name of Major].*"
